service

vision | traction | results

ACCELERATING YOUR DIGITAL TRANSFORMATION

At estrat we 'live' at the cutting edge of technological change and disruption, working with our clients developing innovative strategy to address market shifts and create competitive advantage.

We're all about helping you build VISION – crafting strategy to tackle your big decisions around Cloud, Internet-of-Things, Digital Transformation and Security; TRACTION – mobilising agile, experienced teams who hit the ground running and don't stop, and RESULTS – not losing sight of why we do what we do, making sure each step is one toward achieving your goals.

our experience

We take pride in our track record of world class projects across Australia, the United Kingdom, the Americas, Africa and Asia. We've delivered innovative outcomes for visionary organisations including AngloGold Ashanti, Barrick Gold, Citic Pacific Mining, Horizon Power, Impala Platinum, Leighton, News Limited, Ok Tedi Mining, RAC, RCR Tomlinson, Rio Tinto, Seven West Media, Standard Bank and the Australian Government.
